TO: Members of the Visiting Committee for the Yale Graduate School

FROM: Leonard Krieger

RE: Visit of the Visiting Committee to the Yale Campus

The formal visit and meeting of the Visiting Committee will take place in New Haven, Connecticut on October 11, 1979 (Thursday). As before, we shall start with a meeting among ourselves at 9 am on that Thursday in the Council room of Woodbridge Hall and end with a similar meeting after our last appointment. Will you let me know, at your earliest convenience and to the above Vermont address?

1. Whether you can and will come to New Haven on that day (for those of you who live beyond the New York area, a visit on Thursday probably means arrival in New Haven on the Wednesday before).

2. If you can and will come, whom I should make appointments for you to see.

For your information, our composition will be the same as last time, since our new member, Ted Ziolkowski, has already resigned because of feared conflict of interest. For your information too, I have already requested appointments for the full committee with the President, the Provost, the Dean of the Graduate School, Professor Robin Winks (Chairman of the Council of Masters), Mr. Frank Ryan, Mrs. Ruth Benedict, Mr. Miguel Guillarte (President of the Graduate and Professional Schools Senate) and other representative graduate students, and a representative selection of junior faculty. I have also requested appointments with the chairman and director of graduate studies of the History Department for myself. To repeat: do let me know if there are other appointments you think I should request for us, either collectively or distributively.
